WAYS TO GIVE

OUR MISSION
The Valley of the Sun YMCA’s mission is to put Christian principles into practice through programs that build a healthy spirit, mind and body for all.

OUR CAUSE
Valley of the Sun YMCA, as a cause-driven organization, emphasizes its four core values—caring, honesty, respect and responsibility—in all elements of the organization. We are committed to serving all people, regardless of their ability to pay. The need is urgent and growing, and we cannot meet it without you!

GIVE TODAY!
Every dollar donated to the Valley of the Sun YMCA has a lasting impact on the people of our community. Give today to help those who need it most!

2020 ANNUAL CAMPAIGN
VALLEY OF THE SUN YMCA
valleyYMCA.org/donate
HELP THE Y... STRENGTHEN FAMILIES
Stronger families mean lower child poverty, less isolation, better health outcomes, and higher family income.

The Y will provide financial assistance to ensure more than 17,000 individuals, families, military families, and seniors have access to facilities and programs that deepen connections to the community.

HELP THE Y... BUILD CHARACTER
When children learn values, it helps them bridge the gap from childhood to adolescence.

The Y will teach character development to 12,000 children, teens, adaptive youth and committed adult volunteers, in programs such as youth sports, after school care, camping and teen leadership.

HELP THE Y... PREVENT DROWNINGS
In Arizona, drowning is the leading cause of accidental death for children under five.

The Y will help 7,000 youth and families learn the crucial skills of safety around water and swimming, and reinforce the ABCs (Adult supervision, Barriers and CPR classes).

HELP THE Y... ENGAGE OPPORTUNITY YOUTH
In Arizona, one in seven people ages 16-24 are unemployed and not in school. They are more likely to have worsening health and rely on government support.

The Y will help 800 opportunity youth gain skills and confidence, preparing them to enter the workforce.

HELP THE Y... CONTINUE LEGACY OF SERVICE
A consensus among local executives and thought leaders is that we need more well-trained young people in the workforce.

The Y will train 35 college grads to be cause-driven leaders through YMCA Leadership Academy, igniting their passion and transforming them into changemakers.
