CARDIO

ZUMBA® Ditch the workout, join the party! ZUMBA® is a dynamic, exciting, and effective dance-aerobics workout done to high-energy fusion of Latin and International music. The routines feature aerobic training with a combination of fast and slow rhythms. No dance skills needed. *some classes may not be suitable for younger attendees; instructors reserve the right to not allow them in.

POUND® Instead of listening to music, you *become* the music in this exhilarating full-body workout that combines cardio, conditioning, and strength training with yoga and Pilates-inspired movements. The workout is easily modifiable. Using Ripstix®, lightly weighted drumsticks engineered specifically for exercising, POUND® transforms drumming into an incredibly effective way of working out.

ACTIVE OLDER ADULTS

BOOM (MOVE IT!) Silver Sneakers is a heart-healthy cardio workout in the form of a non-stop dance party! Dances of the 1960s to 1990s are featured in "Groove Blocks" choreographed with the dances and music of specific decades. We begin with the '60s and seamlessly transition through eras of music and style, finishing with the dances of the '90s and beyond. This fun, high-energy, dance fitness class is achievable for beginning exercisers, experienced dancers, and everyone in-between. Each class finishes with a signature "Group Groove" where class participants perform a group dance. From The Stroll to the Electric Slide, get ready to hit the dance floor!

BOOM (MUSCLE) Silver Sneakers provides a 30 minute, total-body workout through our unique Tri-Muscle Combination or TMC Block + Action Interval formula. Each TMC Block demonstrates a progression of three exercises and allows participants to select the intensity and complexity appropriate for their individual fitness levels. The Action Intervals are optional segments that can alternate with TMC Blocks to add cardiovascular and sports conditioning elements to the workout

Silver Sneakers CLASSIC Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement, and activities for daily living. Hand held weights, elastic tubing with handles, and a SilverSneakers® ball are offered for resistance, and a chair is used for seated and/or standing support.

Silver Sneakers YOGA Silver Sneakers Yoga will move your whole body through a complete series of seated and standing yoga poses. Chair support is offered to safely perform a variety of seated and standing postures designed to increase flexibility, balance and range of movement. Restorative breathing exercises and final relaxation will promote stress reduction and mental clarity.
